New Tuberculosis Cure

Based on Medicine

Did it ever occur to you that the reason medical doctors have so little success in curing tuberculosis is because they really do not practice medicine?

To say that a specific exists for the cure of Consumption is perhaps too strong a statement, but in Eckman's Alternative there is a medicine that has been the means of saving many a life in years of weakness and in permanently curing a large number of Consumptives.

Try every sufferer to gorge himself with eggs and milk is apparently the limit of modern treatment. Certainly a person afflicted with a wasting disease should be well fed with good food, and a further gift, that of a fine bell which with fixtures weighs 675 pounds.
